Your Committee met again on March 21st, for the purpose of passing accounts and a meeting was held with the Foremen and Machine Operators. The members of your Committee all addressed the meeting and advised what the Council expected of them, in regard to efficiency. Your Superintendent gave them certain instructions in regard to their duties and, of course, will have to further instruct them as the season proceeds. On March 28th your Committee inspected certain roads of the system and drove 106 miles. On April 1st another inspection was made, driving 189 miles. There still remains 32 miles to be inspected.

Your Committee will at the May meeting be in a position to bring in detailed estimates for the expenditurers on the System, but with the appropriation set aside at the January Session, your Committee is doubtful as to whether it will be possible to set aside any monies for construction. It must be remembered that the amount set aside is \$28,000 less than last year, and this means that the available money for expenditure is less than was required last year for the maintenance and general account of the System. It was noted in our inspection that a very considerable mileage of the gravel roads has deteriorated to such an extent that they can only be considered as dirt roads today. Your Committee will make further comment on this when the inspection has been completed.

We recommend that the Traffic Officer's services be continued for the month of April.

Accounts passed since the last meeting amount to....\$2667 83
Committee fees 69 30

All of which is respectfully submitted,

P. D. BLAYNEY, Chairman,
A. Y. MISNER,
J. C. AUSTIN.

J. A. WALLACE.

Report of the Reforestation Committee

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen,—Your Reforestation Committee beg leave to report as follows:

General conditions on the Shellburg plot show a slight improvement. The Japanese Larch-Red Pine Section is developing exceptionally well. The Spruce-Ash-Cedar Section looks considerably better. The White Ash are all alive and quite a number are getting away to a good start. That part of the property bordering the Ninth Concession Road presents the worst picture. If, at any time, conditions were such as to permit the construction of a deeper ditch to the east and north, this entire section could be adequately drained, and successful reforestation of these fifteen or more acres of swamp land made possible.

As per recommendations of November 3rd, 1934, a sum of \$20.00 should be expended for planting 5000 Red Pine on the Bonny Heath property.

Summary of Recommendations

1. Morrison Property—(a) That \$50.00 be expended on tree planting; (b) that the half share of line fence be erected at an estimated cost of \$90.00; (c) Fire Line maintenance \$5.

2. Wyecombe Property—(a) No expenditures.

3. Codling Property—(a) Fire Line maintenance \$5.00.

4. Simes Property—(a) No expenditure.

5. Payne Property (50) acre Plot—Fire Line maintenance \$3.00.

Payne Property (100) acres—Fire Line maintenance \$5.00.

6. Red Pine Plantation on Lot 6, Concession 10, Charlotteville—(a) Fire Line maintenance, \$5.00.

7. Turner Property—(a) Tree planting, \$20.00; (b) Fire Line maintenance, \$5.00.

8. Shellburg Property—(a) No expenditure unless line fence is constructed.

On the south end, between the Shellburg property and Mr. Hudson's, which was recommended by the Reforestation Committee last year, we recommend should be carried out at once.

We also noticed the untidy condition of Bonnie Heath yard and recommend that a committee be formed or a responsible person be appointed to clean up this disgraceful condition, namely disposing of this junk, lumber, etc.

All of which is respectfully submitted.

C. A. TERHUNE, Chairman.
J. H. SMITH,
LLOYD McVICAR,
W. S. COLLINGS.

Report of the Road Committee

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen:

Your Committee on Roads beg leave to report as follows:

Your Committee have completed the inspection of all the County Roads, also your Committee have inspected all the County Bridges. The majority of these are in a fair condition.

Your Committee suggests that Roads No. 24 and No. 9 are of sufficient importance that they be taken over as King's Highways, and your Committee recommend that the County Council should instruct the Committee to interview the Hon. Minister of Highways in regard to this matter.

Your Committee find that there is considerable machinery standing in the open, and we consider that this machinery should be under cover. It is also considered that a machine shop should be built at the end of a new shed on the Bonnie Heath Farm. Your Committee consider that there is sufficient lumber on the farm to pay for this building. The proposed size would be approximately 100'x25'.

Your Committee recommend that a Committee be appointed to interview the Hon. Minister of Highways with regard to a revision of the County Road System as it appears that the mileage is too great at the present time.

The reports of Committees as amended and adopted are as follows:

Report of the Road Committee

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen,—Your Committee on County Roads beg leave to report as follows:

On May 9th, your Committee made an inspection of roads in Welland County, principally in Stamford Township. These roads are surfaced with asphalt and are in excellent condition, but were considered too expensive for consideration in Norfolk.

The tenders for tar and spraying were opened on May 10th. The tender of the Barrett Company was accepted,

namely: Tarvia B, 12.96 cents per gallon; Retread, 13.06 cents per gallon, F.O.B. Norfolk, tax included. Spraying, 2 cents per gallon.

Your Committee interviewed the Department of Highways on May 20th, regarding Roads 24 and 9. We received a very courteous reception and were promised due consideration.

Patching and repair work is proceeding and the various roads which were blown by frost conditions are gradually taking shape.

New rims and pneumatic tires were installed on the White Truck to replace the old hard rubber ones that had become obsolete. The tender of W. R. McIntosh being considerably lower, was accepted at \$806.00.

Due to the unfortunate and serious injury of our Superintendent, your Committee has been seriously handicapped of late, but we sincerely trust he may rapidly recover and be able to continue the duties he so ably performs.

Accounts passed since the May meeting—\$2216.36.

Committee Fees—\$79.90.

All of which is respectfully submitted.

P. D. BLAYNEY, Chairman,
ARTHUR Y. MISNER,
J. C. AUSTIN.

Report of the Finance Committee

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen,—We, your Committee on Finance, beg leave to report as follows:

We recommend that the following insurance be placed with the agents as specified in the summary:

That all assurance to be placed with Tariff Companies, and non-tariff policies be cancelled immediately, except the Norfolk Mutual Company.

That Liability Assurance be placed on the Motorcycle Police Officer.

That Liability Assurance be placed on the County Employees in the Court House.

That all policies not mentioned in the summary be cancelled at once.

That all County Insurance, in future, be handled by the Finance Committee.

That Mr. Jack McKie be appointed as Insurance Broker for Norfolk County to work in co-operation with the Finance Committee at no cost to the County.

That the County Machinery be covered with Insurance at all times.

We also recommend that \$5.00 be paid Eleanor Misner for stenographic services.

All of which is respectfully submitted.
